# TURNING LEVELS

## LEVEL 1:

Effortless and elegant, level 1 turnings feature smooth lines, simple feet and rounded features. This does NOT include design features such as roped, fluted or reeded designs.

\*Set Up Charge: \$25 per profile/size/length

## LEVEL 2:

Standard turnings are often categorized into Level 2. This grouping identifies as having no deep profiles or fine details as shown in the examples below. Simple, roped, fluted and reeded table legs, island legs, chair legs, spindles, balusters, newel posts, porch opsts, caps and bases are included in this grouping - assuming the shoulder is rounded or eased.

\*Set Up Charge: \$60 per profile/size/length

# TURNING LEVELS

## LEVEL 3:

Highlighting deep profiles, extremely small and fine details, or sharp square corners (from square section to round/turned section), Level 3 turnings showcase the beauty of intricate woodworking.

\*Set Up Charge: \$60 per profile/size/length, \$75 per profile/size/length that is roped, fluted or reeded

## LEVEL 4:

The most complex designs are classified as Level 4. Anything including deep profiles, extremely small or fine details, sharp square corners (from square section to round/turned section) AND includes additional millwork belongs in this category.

\*Set Up Charge: Varies upon design
